Liverpool papers to the 1st Nov. and London papers to the 30th October have been received by the ship Columbia.

Some of the papers say that England makes a stand against any further ex-tension of the power of Russia in the East of Europe, and any attack on the new American States, except by Spain or Portugal, dependent solely on their own resources. The preparations making in the naval arsenals of England, appear to strengthen this opinion.

It is not against the principles of freedom in Europe alone that the holy alliance intend to limit their operations but every effort, according to the advices received this day from Paris, is also to be made to put down, what the legitimates call revolution in America, and in conformity with this gigantic resolution, the emperor Alexander has recalled all his accredited agents from the Brazils, and an expedition is forthwith to be forwarded from Spain under the flag of that nation, against the republic of Colombia. This expedi-tion is to consist of twelve thousand soldiers, nominally Spaniards, but fitted out at the expense of France, attended by French artillery and engineer officers, and the necessary number of priests and licensed spies, who may by bribery, fraud and fanaticism,

prepare the way for tyranny.
