TEACHERS INSTITUTES.

By the call of a committee appointed by the Educational meeting held at Trenton last October, it will be seen that another meeting has been appointed for Teachers and Directors of schools to be held at New Brunswick, N. J., on the 28th of this month...

DOUBLE ACCIDENT.—On last Saturday Evening, a wagon loaded with hay, through some inadvertence of the driver, was upset along the road from Fairton to Bridgeton...

BRIDGETON AND DEERFIELD TURNPIKE.—This road is now completed and given up to the company, who have established their rates of toll, erected toll-houses &c. They commenced taking toll on Tuesday afternoon...

WE learn that Mr. Edmund Hires, formerly of this town, died at his residence in Camden, on Saturday last, of small pox.

MAD DOG.—The citizens of Greenwich were somewhat annoyed by the doings of a mad dog that passed through that place one day last week.

A day or two subsequent to the above, a steer belonging to James Dero, of Bacon's Neck, was observed to exhibit unmistakable symptoms of hydrophobia.

Great Yield of Potatoes.—Cumberland County against the World.—We learn that Mr. William Chard, of Newport, has raised the present season on three sixteenths of an acre, (30 square rods) one hundred and fifty bushels of merchantable potatoes...

EXCITEMENT.—The Gypsies created quite an excitement in town some few days since by their uncouth appearance, and afforded a fund of amusement to the juveniles.

FAIR! FAIR! The Ladies of the Presbyterian Church of this town, will open a sale of Useful and Fancy articles, with a variety of Refreshments, on Thursday Evening, the 22d of December...

FAIR! FAIR! The ladies of Greenwich will hold a fair, for the sale of fancy articles and refreshments, in the Greenwell Lecture Room, on FRIDAY EVENING the 23d Dec. and on Saturday afternoon and the evening of Christmas Eve.

confer a great benefit upon the cause of general education. It might also be an advantage to increase the salary of the State Superintendent and make it his duty to assist in organizing and maintaining such institutions in each county in the State.

TOWN MATTERS.—On Monday as a son, of Mr. S. P. Kirkbride of this town, was playing in the street in front of his father's house, he fell, and was accidentally run over by a light carriage.

DOUBLE ACCIDENT.—On last Saturday Evening, a wagon loaded with hay, through some inadvertence of the driver, was upset along the road from Fairton to Bridgeton when about a mile and a half above the former place.

BRIDGETON AND DEERFIELD TURNPIKE.—This road is now completed and given up to the company, who have established their rates of toll, erected toll-houses &c.

Editorial Correspondence of the Pioneer.

COURT HOUSE, CAPE MAY. For once at least, I felt inclined to admit that a green spot, a kind of oasis in the fastidious round of editorial life, sometimes occurs—as I found myself scathed by a comfortable fire at the Hotel of Mr. Farrow, listening to the warm greetings of the citizens of the Capital of Cape May.

It is something of a gratification, the more pleasing, because following season in the wake of an exciting political contest, to participate in intercourse, where neighbors can speak of each other without bitterness or jealousy, and where backbiting forms no portion of the theme.

THE INCENTIVES to make the day happy and joyous to the children, can be found in profusion at either of the Drug Stores, Fithian's, Brewster's, or Darr's. Don't neglect to go to them and prepare a happy Christmas for yourselves, your children and the printer.

COURT WEEK.—The December Term of the County Courts will commence their session next Tuesday morning.

WE have received the first number of the Saturday Mail, a new weekly of mammoth size, published in Philadelphia and under the editorial management of Geo. R. Graham Esq.

DEDICATION. THE TRINITY, N. B. CHURCH, Fayette street, Bridgeton, will be dedicated to the worship of Almighty God, on December 25th, (Christmas Day), at 10 A. M. M. L. R. R. Services also at 7 P. M.

WHEREAS it has pleased Almighty God, to remove from us by death, our worthy Brother, ARTHUR GARRISON, Jr., who died Nov. 20, 1853, suddenly cut off in the prime of life and in the midst of usefulness.

Resolved, That while we submit to the decree of Providence, yet we as members of Grotto Lodge, No. 69, I. O. of O. F., deeply lament the loss of one who was ever ready to carry out the principles of Odd Fellowship.

Resolved, That in the death of Bro. Garrison, the order has lost a worthy member, his widow a kind husband, and his children an affectionate father.

Resolved, That a copy of these Resolutions be signed by the officers of the Lodge and presented to the widow of the deceased.

Resolved, That a copy of these resolutions be sent to the Bridgeton Chronicle, and the West Jersey Pioneer, for publication.

ISAAC H. DIAMANT, President. J. S. WHITAKER, Secretary.

MESSRS. EDITORS.—You are requested, should there be a notice sent to you for publication in your paper, by a pretended meeting, to change the name given to a thriving village recently laid out in Maurice River Neck, Township of Maurice River, Cumberland County, N. J., by George Heister Esq., the owner of the soil, thereof, and called HERRVILLE, by the residents and owners to insert directly under said notice, this article.

There is already built in the village several good houses and a Methodist E. Church. The buildings present the appearance of neatness and comfort and are occupied mostly by mechanics and coopers.

The extensive book establishment of the Messrs. Harper in New York was destroyed by fire on Saturday last. Their loss has been immense. They gave employment to several hundred people, all of whom are by this calamity thrown out of employment.

The fire originated from throwing a lighted paper into an open vessel containing camphene. Several houses and stores adjoining were much injured by the fire. The Harpers have been long and extensively known as among the most enterprising publishers in the United States.

The Newark Mercury says of their loss: Their warehouse was valued at \$1,400,000, and the loss is nearly if not quite a million of dollars.

Hereas in Cumberland the failure of cord wood as an article of traffic has imposed something of a necessity for bestowing more attention to farming, the result of which has been thus far gratifying to the agriculturist.

Delaware, Lehigh and Wyoming Valley Railroad.

It is rapidly becoming a question of serious import whether the supply of coal will much longer keep pace with the increased demand.

It is well known that the valley of Wyoming abounds in the best quality of anthracite coal.

We have received a copy of the report of the survey of this road by J. W. Allen, Esq., and we compile the following information from this source.

The route of the line leaves Wyoming Valley by the Mill Creek Gap, and ascends to the summit of a grade sixty-two and a half feet to the mile.

After passing Tamersville, the line continues down the valley of the Pecono creek to Stroussburg.

The line then descends through Hippy's Gap, and takes the side of the mountain to Tannersville, the maximum grade being seventy feet to the mile.

The whole cost of the road, including stations, engine houses, switch towers, house water stations, rolling stock, &c., is estimated at \$2,894,996.

Coal at Wyoming mines costs 80 Freight to Water Gap, 1.00 From Water Gap to Trenton 75 miles at 14 cts. per mile, 1.125

Coal at Trenton, \$2.0825 Coal is now carried on the Baltimore and Ohio Railroad over adverse grades of one foot to the mile for 14 cents per mile.

It is stated that many of the citizens of N. Orleans have provided themselves with pieces of copper, about six inches long and three wide, which they carry about them as a sort of protection against the cholera.

The War on the Danube.

The mails of no less than three steamers from Europe have come to hand since our last, bringing us an avalanche of rumors and speculations, mixed up with some few facts, concerning what just now seems to be the one idea of all Europe—the war between Turkey and Russia.

It is already in contemplation to build a railroad from Wilkesbarre to the center of the Wyoming coal region to the Delaware Water Gap.
