HAIR DYE.

ADIES and gentlemen wishing to have their hair or whiskers of a beautiful dark brown or jet black, can do so by calling at Samuel L. Fithian's drug and chemical store, and purchasing his superior Hair Dye, at a cost of 25 cts. per bottle. The dye is warranted not to injure the hair, but rather to improve its growth, and to make an unchangeable and natural color with but very little trouble or expense. Try it, and if it those not give satisfaction, if used according to directions, you can have the money refunded.

WEST JERSEY ACADEMY.

BRIDGETON, N. J. DAVID THOMPSON, A. M., Principal and Instructor in the Classics. J. B. WOODARD, Instructor in Mathematics and the English Branches.

HENRY NEFF, Instructor in Music.

THIS institution is located near the pleasant and healthy town of Bridgeton. It is believed that it possesses advantages enjoyed by few similar institutions in our country. Being in the outskirts of the town, it furnishes retirement to the student, and withdraws him from many temp-tations to which he would otherwise be exposed, yet is sufficiently near to allow a punctual attendance at church on the sabbath. The building is of recent construction, and has all the modern improvements designed to promote the health

and comfort of the pupils.

Facilities will be furnished for acquiring a thorough English, mathematical and classical education, preparing the student either for college or for the more active duties of life. Students will find all the comforts of a home in the family of the principal, with whom they will be required to attend church on the sabbath, unless a wish to the contrary is expressed by their parents.

For board and tuition in the English and Classical branches, together with light and fuel, \$80 per session of 22 weeks. Washing \$5.

The next session begins on Wednesday, May 6. For circulars address Rev. Samuel Beach Jones, D. D., Wm. Elmer, M. D., or the principal. Bridgeton, March 14, 1857-3m.

Political matters are xceedingly quiet .-You recollect that by the division of the old Whigs or Republicans, and Americans at our last fall election, the Democrats succeeded in carrying the city-a novelty with us. Yet our worthy Democratic mayor, Artemas Bigelow E-q, makes a most excellent officer, and it will not be at all surprising, if he is reelected at the expiration of his present term.

Our city continues to flourish; public improvements are progressing; a spirit of enterprise pervades our poople; real estate is advancing, and Newark is on the high road to prosperity.

From the Athens Messenger, HINTS ON PRUNING.

MR EDITOR: - As some of my neighbors re frequently inquiring my opinion respecing the proper time and method of pruning, have concluded to submit a few remarks upon the subject for publication.

If there is any one branch of rural economy, which a lover and cultivator of good fruit should personally understand better than of his fruit trees. As but very few under stand how and when the operation is best performed, it is extremely difficult to hire it done well, unless the owner himself is competent to direct in the matter.

We apprehend that the common practice n this branch of rural libor is not altogether based upon a sound philosophy. The structure of the animal, we all know, is admirably adapted to its wants, to its habits, and to its uses. There is no surplusage, no uscless incumbrance—all is nicessary to fulfil the design of nature. From analogy, as well as from the system and order which everywhere pervade the visible creation, is it not reasonable to infer that every part of the vegetable

BRIDGETON

Saturday Morning, May, 16.

The Pioneer has a LARGER Circulation than any weekly Paper in this State!

Only \$1 00 per Year! JAMES B. FERGUSON,-EDITOR.

THE BRIDGETON CHRONICLE. Many of our friends have urged us to treat with silent contempt, the base and slanderous productions that for some weeks past have graced the columns of the Chronicle. If the character of the writers of that sheet were as well known abroad as they are in this town. a severe letting alone would be the most ef feetual application that could be administered to them; but as there are many throughout the county who are not acquainted with the source from whence eminate the vile productions of that paper, the base and cowardly falsehoods so adroitly multiplied by falsifiers of the most degraded stamp, if passed by un. noticed by us, might be looked upon as giving assent to, or fearing to contradict the contemptible falsehoods which they are guilty of perpetrating. The last number of the Chronicle contains a fair specimen of the "lying propensity" of the editor of that sheet, or his paid writer. The assertion that "we received fifty cents as an inducement to ruin the charactor of a friendless boy," is as base a falsehood as the affirmation of the editor of that sheet when he says a Jew is a poor orphan boy, while his parents are still living. Such self evident falsehoods are used by the Chronicle man in endeavoring to create sympathy in his favor, but better logic is needed to palm off such "nonsensical trash" upon an enlightened community. The best argument used by the writer in the Chronicle, is to denounce others as fools, without giving any evidence except that of his own infallible opinion.

We are denounced by the Chronicle, be-

cause we have some toleration for the views of those who may differ with us, and permit them to express them in the Pioneer, giving the same privilege to any who may wish, to refute them if they can. Another contemptible insinuation in the Chronicle of last week, is, that we know something about the "dog trade" in Camden. If the editor of that paper will day at noon. inform us of one single unfair trick in the dog trade, we will acknowledge that he is not so much of a puppy as we took him to be. CUMBERLAND COURTS. Commenced last Tuesday morning, Jus-

There was an unusual number in attend nnce during the weck, with the expectation that one or two cases of interest would be tried.

The indictment found against Mr. Nathan Duffield, at the last term, for larceny, was conduct of the governor towards British subtried and the gentleman honorably acquitted. Isaac Washington was also acquitted of the charge of committing an assault and battery

upon Kendell Johuson.

The civil suits brought by Rhoda J. M. Williams, against Benjamin Mulford for assault and battery, was compromised by the parties, just before the jury was called to try

the case. The court upon being informed by counsel, that the matter of damage had been arranged, sentenced Mulford to pay a fine of five dollars and cost of prosecution, in the indictment. and ordered him to enter into recognizance to keep the peace for two years.

Two appeals only were tried. Pettit against Bowen, suit on promissory ote. The defence was, that there should be an offset for loss of time and sickness while plaintiff was in defendants employ. Judgment for the whole amount of the note.

Horner against Mulford, action for trespass done by cattle. The judgment of the court was accomplished, which, perhaps is unparabelow was affirmed, giving to plaintiff forty | lelled in the history of missions.

The speaker seemed to regard this war as most favorable to the extension of the missionary enterprise in Burmah; for from that moment almost every obstacle was removed, and the whole empire was open to christianity. The people flocked in crowds to hear the gosple. So large were the gatherings, that it was almost impossible to find a place sufficiently large to accommodate them. It would be a source of the greatest consolation to know, admidst his sacrifice and toil in that distant clime, that his arms would be upheld by the sympathics and prayers of his brethren at home.

We dare say that all who heard Mr. Kincaid on Monday evening, observed one fact, that the speaker was deeply in earnest. He seemed to be addressing the audience upon a subject in which his whole soul was engaged. This will account for the wonderful success which has crowned his efforts. We believe that a man with such earnestness, would suc ceed in any undertaking.

It has not been our design in this analysis to pass any eulogy upon Mr. Kincaid. He asks none, he wishes none. He is laboring for no earthly reward. He is looking for a fame far higher and nobler than any ever

THE EAST END. Gentlemen and Ladies' Boot & Shoe Store BENJAMIN THOMPSON, WOULD inform the enizers of Bridgeton and the strounding country that he is still at the trade that commenced learning in this place the day after Bridget was illuminated for peace, (1815), and has taken of A samuel Reeves his old established Boot 2 Shoe Stand, ne door to Daniel Fithiam's store. Being furthest cast on Comerge street of any in the trade, I name it the East End Boot and Shoe Store,

and as the sun rises in the east to enlighten and advance the day, so will I endcavor to enlighten my fellow-citizens where they can buy the cheapest and best Boots & Shoes, such as I made for many of you 27 years ago, while some of you were children, who are now heads of families & strangers to me; and feeling an interest in your welfare. I respectfully invite you to call and see me, that we may renew our acquaintance, and if you are in want of either Boots or Shoes. I would like to soll you if I have Boots or Shoes, I would like to sell you, if I have the article on hand that will suit you, if not, I can measure and make to suit your funcy, at the shortest notice. My stock on hand consists of men's fine calf skin Boots, good quality, and 20 per cent. cheaper than I could make for the moncy now; fine kip of the same stamp, and others at a less price, but not so cheap; men's French calf, patent leather, and drab cloth top Gaiters, and a general assortment of men and boy's pat-ent leather and calf skin gaiters. Prince Albert half Gailers for men, and Queen Victoria for the ladies, and a fine assortment of children's Boots and Gaiters of different sizes and colors. Some of my work was made rather farther east than am, and the brethren of the craft down there understand how to make both good work and poor work, and I understand how to discriminate & in form my customers which to buy. Having had forty two years' experience, I know what good stock is & when & how it should be made in good Boots or shoes; to prove this try me, & if I should be mistaken, I will make all right.

N. B.—Being a little hard of hearing, you will have to speak louder if you ask for credit, but if cash is talked of, my hearing is better, which makes it more pleasant for both parties, therefore I have invariably made my terms Cash on delivery of the goods, & I will put the price so as to make the inducement to pay the day taken.

P. S. - Medding and repairing of all kinds done

at short notice and as cheap as the price of stock will admit of.

THE CHEAPEST PRESERVING CAN IN THE MARKET.

THE advantages of this can over all others, are the simplicity in the manner in which it is sealed up, and the impossibility of corrosion, the can being glass. The top is so constructed that any one can seal it up without any difficulty.—
The groove in the top is to be filled with cement, which stops it perfectly tight, and if tight it will keep for years.

KETCHUM's COMBIN'D HARVESTER THE superiority of Ketchum's Reaper and Mower having been fully established by over ix years of severe practical trial with more than TWELVE THOUSAND MACHINES,

which have been made and sold, it is now offered

to the Farmers as without an equal, and as the only reliable machine for all kinds of Grain and IMPROVEMENTS FOR 1857. The improvements for 1857 are perfecting and trengthening the guard fingers, adding a scat for the driver while reaping, increasing the length of the cutter bar while reaping, an adjusting wheel to the cutter bar for mowing, by which the draft is materially lessened both while cutting and in backing; a rear and side delivery for grain; an adjusting spring seat for raker, together with berland to me directed will be exposed to Sale at other important improvements, constituting a perfect machine which is warranted to cut from ten to fifteen acres of grass or grain in a day, as o'clock in the afternoon of said day at the Hotel

of E. Bryis & Son at Buildeater, the Hotel

The experience of the past has farnished a remly for all defects. The improvements have all been thoroughly tested in the harvest field, and are therefore improvements in fact and not merely in theory. The price of the Mower alone is \$115, and the combined Reaper and Mower \$185, elivered at any of the rail roads or wharfs of the city. Early orders respectfully solicited.—Farmers are invited to call at our new Agricultural Warchouse and Seed Store, and examine the Improved Machines, as well as our other stock of Implements and Seeds. All the castings, &c., for the last year's machines constantly on hand. Pamphlets describing the Reaper and Mower more fully can be had on application to BOAS, SPANGLER & Co.,

Friends politely passed and spoke not; And arriving at his dwelling, He kissed the smiling matron. She repulsed him, and informed him, If such liberties were taken, She should surely tell her husband. One more look and all was settled; In the gay, genteel intruder, She beheld her own dear husband, So completely changed by clothing That at first she did not know him. Then the wife asked questions: Tell me, dear, where the suit was purchased, Tell me where they got that style of making, Where, and when, and how they got you Arrayed in such a handsome fashion? Tell me, tell me, all about it, Tell me, tell me, tell me all. Did he answer? No, sir-ee, Bob, As the questions thus did fall; But he murmured at BAMBERGER'S,

NEW JERSEY COMBINED MOWING AND REAPING MACHINE!

For the Harvest of 1857. ARBER'S Machine has taken the premium at several of the County Fairs, and has been placed in competition with some of the most celebrated. It is simple, of light draught, less com-plicated, and not liable to got out of order, and

It is so constructed that all side draught (which is so great in most machines as to require three, and some four horses to do the work of two) has been entirely overcome, and seldom, if ever, requiring but two horses in any kind of grain or

You can mow an acre per hour the whole day through with but two horses, and with the same ease for the team as plowing, and at a slower gait than any other Machine ever in this region.

No Real is required in mowing any kind of grass. It has been fairly tested by a number of practical farmers, and quite sufficient to prove its complete adaptation to mowing as well as reaping. I have received many certificrtes from practical farmers and competent judges, establishing its merits over any other machine ever used in

The following is the award of the Committee of the Agricultural So. at the Reaging and Mowing Machine, at Bowentown, July 9, 1856, at which time and place were entered one of McCormick's with four horses, three of Manny's with two horses each, two Ketchum's with two horses each, and one of mine with two small Mules: "Your committee have came to the conclusion, after taking all the circumstances into consideration, the clearness of the cut, and least clogging
