

BRIDGETON Saturday Morning, Aug. 21.

The Pioneer has a LARGER Circulation than any weekly Paper in this State!

Only \$1.00 per Year!

JAMES B. FERGUSON, Editor.

Cumberland Institute.

We have watched the improvements made in educational matters throughout this State during the last five or six years, with a great deal of interest...

They have been the origin of our Normal School, which is universally acknowledged to be the best in our country...

We are authorized by leading educational friends of Cumberland, to say to the teachers and all friends of the cause in adjoining counties...

THE ATLANTIC CABLE

Since our last issue, intelligence has been received of the successful working of the Ocean Telegraph. The glorious news arrived in this place early on Tuesday morning last...

About 10 o'clock A. M. a general ringing of bells took place, which created quite an alarm among those who had not learned the cause of such a demonstration.

In the evening the bells rang again, guns were fired and the town was to a considerable extent illuminated. We learn from our exchanges that similar demonstrations took place in most of the cities throughout the Union.

The following is the Queen's Despatch to the President: VALERIA, VIA TRINITY BAY.

Her Majesty desires to congratulate the President upon the successful completion of that great and important work, in which the Queen has taken the deepest interest.

The Queen is convinced that the President will join with her in earnestly hoping that the electric cable which now connects Great Britain with the United States, will prove an additional link between the nations whose friendship is founded upon their common interest and reciprocal esteem.

The President has authorized the Secretary of State to make a reply to the Queen's Despatch...

For the West Jersey Pioneer.

Mr. Editor. The result of the Delegate meeting for a selection of a delegate to the National Mass Meeting...

From what I have heard among my neighbors around, I believe there will be quite a number from our place in attendance at the convention...

The Monthly Musical Convention is to be held here next Tuesday evening, when I shall expect to see a good many from your place.

Can some one inform us when the convention is to be held, or have the committee yet decided upon a time.

We have made inquiry of one of the members of the Committee and have learned that the time of holding the Convention has not yet been set...

For the West Jersey Pioneer. Mr. Editor. Some misguided youth, calling himself "Student," has taken upon himself the responsibility of regulating the apparel of ladies...

I have come to the conclusion that his imaginary powers are equal with that woman who warmed her feet with a cold stone, and I have no doubt that if he should fall into the same dilemma...

Why is it, Mr. Editor, any of my, or the "Student's" business, whether the Ladies wear hoops or not?

For the West Jersey Pioneer. Rattle makes, Third Edition. Improved. Cassamogosa, Aug. 17, '68.

Mr. Editor. Dear Sir: Your Willing Grove correspondent has split the difference in his last issue...

Look out for the "Teacher's" new issue. It is a good one, and will be a great help to you.

For the West Jersey Pioneer.

Western Correspondence. Mr. Editor. The result of the Delegate meeting for a selection of a delegate to the National Mass Meeting...

In the first place, there is a scope of country from the North to the South of the Delaware River, the entire distance of my travels, and I am informed that it will extend for many miles.

Notwithstanding the notices of this Territory, a railroad has already projected up the Delaware River, from Plattsburgh to the mouth of the river...

Another great inducement to settlers is the fact that at the last Territorial Legislature a bill passed for the re-division of the capital in that bill the boundaries were so fixed that the capital must be located not less than about fifty miles west of the Nisissau River...

The surveyor at Centreville has written one word for or against hoops, or relative to the learned Genoa's article published in your paper. I don't believe it is my business...

Why is it, Mr. Editor, any of my, or the "Student's" business, whether the Ladies wear hoops or not?

STEARBOAT EXCURSIONS.

By reference to our advertisements you will see that there are to be two excursions from the city to the mountains...

The gentlemen who have gotten up these excursions, are well known in this community, and it remains to be seen whether they will be successful or not.
