Philadelphia, April 12th, 1856.

Messrs. Evans & Warson,—Gentlemen.—It affords us the highest satisfaction to state to you, that owing to the very protective qualities of two of the Salamander Safes which we purchased of you some few months since, we saved a large porlion of our jewelry, and all our books, papers, &c., exposed to the calamitous fire in Ranstead Place, on the morning of the 11th instant.

When we reflect that these Safes were located in the fourth story of the building we occupied, and that they fell subsequently into a heap of burning ruins where the vast concentration of heat caused the brass plates to melt; we cannot but regard the preservation of their valuable contents as most convincing proof of the great security afforded by your Safes. curity afforded by your Sales.

We shall take much pleasure in recommending them

Lusiness as a sure reliance against fire. GEORGE W. SIMONS & BRO., Jewelers, Who have purchased six large Safes since.
