DR. HOOFLAND'S BALSAMIC GORDIAL. FOR THE SPREAD OF LIFE.

Cough, Cold, Influenza, Croup, Throat, Pneumonia, Disease of the Bowels arising from Cold, Inflammation, Consumption, and for the relief and (if at all possible) cure of Patients in advanced stages of the latter disease.

This is a simple preparation, like Bitter, may be considered a Remedy. It is designed for a class of cases more general and more fatal than any other to which it can be applied.

Dr. Hooftland's Gordial.

It will solve what God has in our inheritance what the Plague and Pestilence are to those of other countries; but I can say nothing more than in this.

A further proof of the terrible fatality of diseases referred to above, is contained in the following statistics, taken from the records of the Board of Health of Philadelphia, confidentially given me by Dr. C. M. Jackson, Arch Street, Philadelphia, and for the benefit of Physicians and Surgeons throughout the United States and Canada.

1822 Total deaths in Philadelphia, 10,261

" " all other diseases (250 in number), 1,912

" " Total deaths, 1,988

" " all other diseases, 7,384

" " Total deaths, 11,814

" " all other diseases, 2,173

" " Total deaths, 11,614

From these figures, it will be seen that nearly one-fourth of the total deaths in the country are caused by consumption, and that the numerous other diseases springing from cold, which are the most prevalent.

It is no trifl with your health, but if suffering from a cold, you may count on a cure.

THOUSANDS have done so, and thousands of dyspeptic cases of the stomach, in which case the German Bitters have been found of great benefit.

Another proof of the terrible fatality of diseases referred to above, is contained in the following statistics, taken from the records of the Board of Health of Philadelphia, confidentially given me by Dr. C. M. Jackson, Arch Street, Philadelphia, and for the benefit of Physicians and Surgeons throughout the United States and Canada.
