Bridgeton, Oct. 26, 1861. THE PIONEER HAS A LARGER CIRCULATION THAN ANY COUNTY PAPER IN THIS STATE. ONLY \$1.00 per Year. JAMES B. FRUGUSON, Editor.

BLACK LIST. The following named persons are indebted to the publisher of this paper for their subscription. We take this method of again informing them of that fact, for their own as well as for the benefit of others. The names and residences of those who seem disposed to not pay, will be published in due time.

In a short time we contemplate making some improvements in the appearance of the Pioneer. The constant addition of new subscribers to our list, which is now much larger than that of any other paper printed south of Trenton, encourages us to make every outlay we possibly can for the benefit of our readers.

A copy of the "Minutes of the West New Jersey Baptist Association" has been laid on our table. We are indebted to Mr. H. J. Mulford for this favor.

Mrs. Deborah Hutchinson will please accept our thanks for a jar of most excellent Pickles. We understand they took the premium at the late Exhibition. They were certainly deserving of it if we are any judge of such things. They will give a relish to the other good things lately presented to us by our country friends.

James Hood, Esq., the prompt and reliable county collector has laid on our table, the "Senate Journal," "Appendix to House minutes," and "Minutes of Assembly," forwarded by authority of this State.

FARRIA & THOMSON, Furriers, No. 818 Market Street, Philadelphia, are offering for sale Ladies' and Children's Fancy Furs at Panic Prices. This is a reliable firm; our lady friends will do well to give them a call. See their advertisement in this weeks issue.

Last week we took a trip through parts of Fairfield and Downe townships, leaving Bridgeton about two o'clock on Tuesday. In a short time we arrived at Fairton, called at the Post Office, and as the Irishman said, "it wasn't there."

Professor G. B. Robinson, formerly of Bridgeton, has become one of the fixed institutions of Fairton, and, like his neighbor Tomlinson of the same establishment, is always on hand.

Today we have heard heard heavy firing, supposed to be with the rebel batteries down the Potomac; also, yesterday there were many reports of field-guns in that direction. This morning we learned that several guns were captured, many rebels killed, and two gun-boats fell into the hands of the Union troops.

the N. J. Legislature. The Dr. is a very worthy citizen, and faithfully represented the interests of his party and of South Jersey in the Legislature.

Some changes have been made among the storekeepers of that village within the past year. Mr. Smith Ware has taken possession of the stores, and Mr. Champlin the other. Mr. Compton still retains the Post Office, and Mr. D. T. Davis is on hand at the hotel, and a very clever fellow he is too.

While stopping a few minutes at Fairton, on our way home, we learned that some extra profitable crops had been raised in that neighborhood this season. Jan. Fowler raised or some land owned by Elmer Danzenbaker one hundred and thirty-five dollars worth of Sweet Potatoes from one acre, and averaged eighty dollars per acre on twelve acres of the same crop.

A number of handsome dwellings have, within a short time, been erected in Fairfield township. Taken altogether—their neat and quiet villages, with their industrious and moral inhabitants, its churches, stores, schools, mills and workshops, the village belles and farmers daughters, fancy stock and good cattle, broad fields of grain, and ten acre patches of Sweet Potatoes, water melons, &c., to say nothing about the musketoes, Fairfield is one of the most desirable townships we know of in South Jersey.

Convention of Ministers. The Ministerial Association of the M. E. Church, for Bridgeton District, assembled at the First Church, Millville, on Tuesday the 22d inst., to hold its third Quarterly Session for the Conference year. There were some twenty ministers in attendance, and the meeting was quite interesting.

Camp Correspondence.

The duties of the N. J. 3d during the past week, have been less stirring, eventful, and interesting, than when you last received the communication previous to the present date. Our picket duty is now performed by a detail of one instead of two companies, and one week ago the two companies (B and C) detached from this regiment, to join the light Battalion, returned to camp, so that we now have the requisite number of companies (ten) for the regiment.

Today we have heard heard heavy firing, supposed to be with the rebel batteries down the Potomac; also, yesterday there were many reports of field-guns in that direction. This morning we learned that several guns were captured, many rebels killed, and two gun-boats fell into the hands of the Union troops.

her brother's fatal shot. A contractor had since made his escape from the rebels, and made his way within our lines, and reports that our three men were stripped of their coats and shoes, their hands tied behind them and marched through Fairfax amid the hideous cries of the rebel desperadoes, and damnable wretches of the Confederate army; also five of their cavalrymen brought in dead, killed by our men.

This evening some of our Jersey boys captured a scotch, concealed in the woods, near Cloud's Mill. He was acting as a spy, and was a Lieutenant, and also a brother to a Mrs. Gardner, who has prepared several warm meals for the Cumberland Grays.

Oct 16th, Joseph Dunham, a member of Company E, was buried. Disease—typhoid fever. The company, a portion of which with and without arms, attended; those with arms reversed them and marched in the rear. The Regimental Brass Band marched in front of the remains, playing a march suitable to the occasion, rendering it a very solemn one.

Resolved, That we pledge ourselves to sustain the administration of Abraham Lincoln—in whom we have full confidence—in all measures necessary to put down this causeless, fratricidal and black hearted rebellion, and all its aiders and abettors, wherever found, either at home or abroad, though it may cost the country millions of money and oceans of blood.

Resolved, That we have the utmost confidence in the patriotism and military skill of Generals Scott and McClellan, and give to them and all our gallant officers, and the armies they command, our heartfelt sympathy and support.

Proceedings of the Democratic Convention. The Convention of the Democratic party of the County, for the purpose of nominating a candidate for Assembly, for the 1st District, was held at the Court House in Bridgeton, on Tuesday last. The Convention was presided over by the Hon. John C. Sumner, Esq., of Camden, N. J., who acted as Secretary.

After the usual preliminary business, it was, on motion, resolved, that the Convention proceed to nominate a candidate for Surrogate, whereupon Alphonso Woodruff was nominated by acclamation. The present Coroner were then re-nominated, viz: John Ware of Cohansey, Alfred Holmes of Hoppewell, and Chas. Madden of Maurice River.

A Committee on Resolutions was then appointed,—the convention in the meantime making a short recess. The Committee soon returned, and reported the following resolutions, which were unanimously adopted by the Convention:

IMPORTANT FROM GEN. STONE'S COLUMN. THE FEDERAL TROOPS ON THE VIRGINIA RIVER. 1,000 of our Men against 4,000 Rebels.—The Conflict still going on!

WASHINGTON, The following despatch from General Stone's command to the headquarters here has been received: EDWARDS' FERRY, Oct. 21.—This morning at one o'clock five companies of the 16th Massachusetts crossed the river at Harrison's island at daybreak. They had proceeded to within a mile and a half of Leesburg without meeting the enemy, and they still held on, supported by the remainder of the regiment and part of the 20th.

A gallant reconnaissance was made early this morning by Major Mix of Col. Van Allen's cavalry, and Captain Stewart, Assistant Adjutant General, from Edwards' Ferry towards Leesburg, with 30 cavalry. They came on the 14th Mississippi rebel regiment, received their fire at 55 yards, returned it with their pistols, and fell back in order, bringing in one prisoner. We have possession of the Virginia side of Edwards' Ferry.

Additional accounts say that up to 3 o'clock to-day, Gen. Stone held his own position satisfactorily, though his comparatively small force upon the island is engaged with some 4,000 of the enemy. Late and Important Particulars. FALL OF COL. BAKER. WASHINGTON, Oct. 21.—Midnight.

WASHINGTON, Oct. 23.—The success of the movement of Gen. Stone and Banks, across the Potomac, at Edwards' Ferry, is now established, the enemy making no further resistance. Our men acted nobly on Monday, even the portion of them headed by Col. Baker, though opposed by a force treble their own. The wing under Stone also acted with the coolness of veterans. The ground gained is still retained.

New York, Oct. 24.—The steamer McClellan brings a reliable account of the fight at the mouth of the Mississippi. The rebel fleet consisted of six gunboats, the Ram Maussans, and a large number of fire ships, sailing the river from shore to shore.
