Our usual variety of news is omitted this week in order to furnish a full report of the proceedings of the Synod of New Jersey, which has been in session in this town the present week.—The report of the Secretary of the Cumberland Co. Sabbath School Association is unavoidably deferred until next issue.—There is nothing official from Gen. Sherman's army. The rebels are reported to have re-occupied Fisher's Hill, which they are fortifying. The Union forces are near Strasburg. Lorry valley has been laid waste by the Union cavalry under General Powell, and everything of value to the rebel cause destroyed. Large droves of cattle, sheep, &c., are coming into our lines. Nothing special from the army of General Grant.

THE SYNOD OF NEW JERSEY.

This venerable body, composed of the Clergy and Churches of the Old School Presbyterian Church, belonging to eleven Presbyteries extending over the State of New Jersey, and a portion of the Eastern Counties of Pennsylvania, met in the 1st Presbyterian Church in Bridgeton, on Tuesday evening last. The sessions were opened with the usual religious services, the sermon being preached by Rev. Geo. Hale, D. D., of Pennington, from the text, "I must work the works of him that sent me, while it is day; the night cometh, when no man can work." John IX. 4.

The Synod was organized by the election of Rev. Elijah B. Craven, D. D., of Newark, as Moderator, and Rev. B. K. Rodgers, D. D., of Bound Brook, and Jno. Rodgers Esq., of Burlington, as Clerks.

From the Statistical Reports presented by the several Presbyteries, we learn that within the bounds of the Synod there are 234 ministers, 194 churches, 33 licentiates, and 42 candidates for the Gospel Ministry. There are ministers present from all the Presbyteries except that of Corisco, which is on the western coast of Africa.

Upon calling the roll, between seventy and eighty clergymen answered to their names, and there were present Ruling Elders from about sixty churches.

The usual committees were appointed and Synod adjourned until Wednesday morning.

WEDNESDAY, Oct. 19.—The Synod met and spent half an hour in devotional exercises.

Rev. Dr. Hand made an appeal to the Synod in behalf of Lafayette College, at Easton, Pa., and offered the following resolution which was unanimously adopted:

Resolved, That this Synod has heard with pleasure and thankfulness to God, of the precious revival of religion which occurred in Lafayette College, in the months of February and March last; also of the measure of success of its President, Rev. William C. Cattell, D. D., in his efforts to complete its endowment, and that it recommends this Institution to the confidence and patronage of the congregations under the care of Synod.

The Rev. Samuel F. Colt, of Pottsville, Secretary of the General Assembly's Eastern Committee for the Religious Instruction of Freedmen, made a very interesting statement to the state of religion and the need of greater efforts for religious instruction among the Freedmen, in the contraband camp at Washington, Alexandria, Port Royal, Hilton Head and other points, and closed by an eloquent appeal for help on behalf of these almost heathen people, and who are thirsting for knowledge, and above all, that knowledge "which maketh rich and addeth no sorrow with it."

Rev. Dr. Hale offered the following resolution which was unanimously adopted.

Resolved, That this Synod has heard with deep interest the statement just made by Rev. Mr. Colt, and that it would earnestly recommend the cause which he represents to the liberal contributions and prayers of our Churches, and that in the judgment of the Synod the day of Annual Thanksgiving will be an appropriate time for a collection for this object.

Rev. Dr. Hand offered a resolution looking to the appointment of an agent for the presentation of this subject to the churches, and extending to such agent a hearty welcome, which was agreed to.

Rev. Dr. Hand offered the following additional resolution relative to this subject which was read and agreed to:

"The Synod of New Jersey, in view of the peculiar pressing nature of the claims for immediate funds for the religious instruction of the freedmen open to the efforts of the General Assembly's Committee, recommend the employment of a soliciting agent, by that committee, and requests its churches to welcome him among them.

Rev. Dr. Miller, from the committee to examine the minutes of the General Assembly, reported the following resolutions which were read and adopted.

Resolved, that it be earnestly recommended to our churches and our people generally to observe the week of prayer for the conversion of the world—the first week in January next—and the day of prayer for colleges—the last Thursday in February next—according to the resolutions of the General Assembly.

Resolved, That we hereby urge all our Presbyteries to pay more particular and systematic attention to the effort to secure from every church within our bounds, regular and more liberal contributions to

the several objects of Christian benevolence, recommended by our General Assembly.

Resolved, That this Synod cordially approves the action of the last General Assembly upon the subject of an increase of ministerial salaries, and as the need of such increase is at this time greater than when the Assembly acted, the attention of the ruling elders, deacons, and trustees of the several churches connected with this Synod is called to the subject, and they are earnestly requested if they have not already complied with the recommendation of the Assembly, immediately to attend to it.

Resolved, That the Clerk of the Synod be requested to publish the last preceding resolution in the different religious newspapers circulating among our churches.

The committees appointed to examine the records of the several Presbyteries, reported that the same be approved.

In the evening, the usual Synodical prayer meeting was held. It was a season of great interest and the church was crowded with the members of Synod and our citizens.

Dr. Craven, the Moderator, presided, and opened the service by reading the 72d Psalm, when the hymn commencing: "All hail the power of Jesus name" was sung, the congregation rose to their feet, and the good old tune "Coronation" was sung with earnestness and power.

The Rev. Mr. Kirk, from the committee appointed at the last meeting of Synod, presented and read the following: ANNUAL NARRATIVE OF RELIGION. SYNOD OF NEW JERSEY, 1864.

The Synod of New Jersey, surveying the religious condition of its churches for the past year, reports from all the Presbyteries, as follows: The evidences of God's goodness and care, and brings to His altar the offering of gratitude and praise. Though the conflict of the world continues, and though depressing our general religious as well as temporal interests, yet the condition of these interests in our churches is such as to impart to nearly all of the reports a tone hopeful and encouraging. In the several Presbyteries, the work of the Holy Spirit is manifest, and now is manifest, a most signal and powerful awakening in a neighborhood for years proverbial for all wickedness. Now the place of prayer and meditation is more frequented, and our pastors speak of their regret and pain, because of the shameful neglect, especially by male members of the church, of these weekly services.

There has been no general revival of religion, as has been reported to record in some past years. This is the testimony from all the Presbyteries. Nearly all the churches have, however, reported to some additions from the world. To these additions, the Holy Spirit is manifestly at work of the Holy Spirit, which ever accompanies the faithful preaching and teaching of the word. And in some of the churches there have been special visitations. Within the bounds of two congregations in the Presbytery of New Brunswick, there has been a revival, and now is manifest, a most signal and powerful awakening in a neighborhood for years proverbial for all wickedness. Now the place of prayer and meditation is more frequented, and our pastors speak of their regret and pain, because of the shameful neglect, especially by male members of the church, of these weekly services.

and conversion. Some of the largest Presbyteries tell us that in almost every report from the several churches within their bounds, mention is made of the prosperity of their Sabbath Schools, and one, that never before have their schools appeared to enlist so general an interest as last year. The reports mention the success of their preaching to them, catechetical instruction, and greater care in the selection of books for their libraries, indicate that our youth are very properly and wisely commending themselves to the care of our churches. As a result of this, double the number of additions to some of the churches has been from the Sabbath Schools, and that the children are training to aid liberally in Christian enterprises.

It is proper here to speak of the improved condition of the colored people within the bounds of the Presbytery of Elizabethtown.—Speaking of the only considerable body of colored people in the Elizabethtown and vicinity, the Presbytery says, "they are beginning to feel that a responsibility rests upon them to sustain the ordinances of the Gospel for themselves and families."

The Rev. Robert Patterson, D. D., of Chicago, was introduced, and addressed the Synod on the work and objects of that great scheme of benevolence and Christian charity carried on by the United States Christian Commission.

The following preamble and resolution on the subject of Foreign Missions was adopted.

WHEREAS, the work of missions conducted by the Board of Foreign Missions of the Presbyterian Church, has been eminently blessed and owned of God, and

WHEREAS, the support of the existing Missions demand, on account of the high rate of foreign exchange, a large expenditure, while new fields are opening and the existing missions need additional laborers, therefore

Resolved, That this Synod pledges itself to make the most rigorous and earnest efforts largely to increase the contributions of our churches to the Board, before the first of February next.

The Committee on the minutes of the Assembly, and the various Boards of the Church presented an extended report, which, together with the resolutions already adopted, was ordered to be printed and issued in the form of a Synodical circular to be read to each church.

A highly complimentary resolution of thanks to the people of Bridgeton for their unbounded hospitality, in entertaining the Synod, was unanimously agreed to.

Afternoon Session commenced at 2 o'clock P. M., and proceeded to business. Several overtures by the committee were acted on and adopted.

Synod adjourned to meet on the 3d Tuesday in October, 1865, in the 1st Presbyterian Church of Princeton, N. J. Concluded with prayer, singing and the benediction.

Dr. Hickok preached in the 1st Presbyterian Church in the evening.
