NO. 604 MARKET STR., PHILADELPHIA.

Jones' policy which has proved of such great sat isfaction both to his friends and the public, has dem onstrated the fact, that ONE PRICE is the proper basis on which to do busuess: Many persons who are not able to judge of the value of any article, art glad to avail themselves of the opportunity of purchasing where they can secure what they want at the same price as their neighbors. Others, not liking to ask the dealers to takeless, are often obliged to pay too much for an article. To meet this want Jones' one price Store has been established, and having worked well for fifteen years, has gained many friends.

ANOTHER GREAT CURE IN THE CITY OF NEW YORK, Of a highly respectable citizen, well known to the Mer cantile community, by DR. J. H. SCHENCK,

DR. J. H. SGHENCK,
THE GREAT LUNG DOCTOR OF PHILADELPHIA
OFFCE N. Y. AND GALENA LEAD CO.,
No. 28 NASSAU St., New York, June I, 1865.
Dr. J. H. SCHENCK—Dear Sir.—For over fifteen years
I have been troubled with a severe cough, and usually
two or three times a year with more or less hemorrhage,
which together, for the last few years, has kept me thin
in flesh and too weak to do business of any kind without
suffering. In August last I had a very severe hemorrhage,
and, according to the judgment of a good New York
physician, I was classed as beyond the reach of medicine,
and was advised to be prepared, so far as property matters were concerned, to leave this world at short notice.
The physician (and my good friends) said that the first
cold I look must prove fatal. Early in January I took a
severe cold, and fortunately was occupying rooms at No.
32 BOND STREET, directly over your office. I think
about the 16th of January I procured a bottle of your
Pulmonic Syrup and commenced taking it freely. My
feet and limbs were very much swollen, and all the symptoms of a speedy death seemed to accompany my cold. I
sent for my formes the second of the control of the co Pulmonic Syrup and commenced taking it freely. My feet and limbs were very much swollen, and all the symptoms of a speedy death seemed to accompany my cold. I sent for my former physician, and stated to him that I was taking your medicines, and after showing them to him, and having uasted of them, &c., he replied; "You and take them if you like, they will do you no harm."—He said: "You know what I told you last summer, and Lagy the same now, if you have any business to close up, do not put it off." He said to other friends that he "could see no hope for me," and my friends and relatives concluded my time had come. At this time I was taking freely of your medicine, but had not seen you. The doctor called a few times, and found me (much to his surprise, he said) improving, and he could not understand why. My faith was increasing in your medicines, and I had a wish to have you examine, my case, and see what you had to say. When yoh first came to my room and made the examination, you gave me but little encouragement, but on the contrary, expressed said doubts of my ever being helped out of my then seeming difficulties.—The second time you called, finding me still gaining, you gave me encouragement, saying, "my symptoms were improving the Syrup, Tonic and Pills had acted like a charm." My circulation, my cough, my appetite, all began to improve, and I could walk about my room a little. You visited me nearly every Tuesday and found me improving, and told me not to go out of my room until the first day of May. I took no cold while under your treatment, my appetite became first-rate, and you told me to cat everything I wished of a nutritious nature, and to exercise about the room as much as possible. I followed, your advice, and to the surprise of my old physician and friends, I seem much better than I have been for several years, and breathe better than I ever expected a person could with one lung, the left being completely dried up. I feel very grateful to you, and consider your advice and medicines invalnatile.

You

Dr. Schenck-Dear Sir:-About two years ago I was taken with a very troublessine cough and a pain in my breast; seven or eight months passed away without my doing anything for myself. Then Lapplied to a physician, who attended me for about three months without rendering me any service. I also obtained the advice and treatment of a physician in one of our hospitale, and also had the advice and treatment of two other physicians, but all to ne purpose. During this long wages of time to rendering me any service. I also obtained the advice and treatment of a physician in one of our hospitale, and also had the advice and treatment of two other physicians, but all to no purpose. During this long space of time I was nearly dead; several times my friends came to see me and witness my exit into the spirit-world. I was confined to my bed two months at one time. My breathing was exceedingly short. I gave up several times all hope of getting better; and as regarded getting well, that was entirely out of the question. And to think this day I am well and hearty! I was advised by some of my friends to try Dr. Schenck's Medicines. I accordingly bought to try Dr. Schenck's Medicines. I accordingly bought bottle after bottle, until I reached the nim'h; then I found a decided change in my cough for the better. I suffered from palpitation of the heart, and two weeksafter I commenced taking your medicine this difficulty ceased.

When I first went to Dr. Schenck's office it was with difficulty that I could get up into his reception room, I was so week and so swelled; my skin was as sallow as though I had the jaundice; I felt dull, heavy and sleepless. Dr. Schenck, after examining me, said both my lungs were affected, and gave me but little hope; but his medicines, in about two weeks, took right hold of me; it seemed to go right through my whole system. The Rulmonic Syrup, Sea-weed Tonic, and Mandrake Pills all took right hold in the right place. The Pills brought away great quantities of ble and slime; the Syrup loos, enced the matter in my lungs, which came off very free; the Sea-Weed Tonic gave me an appetite, and everything seemed to Inste good.

To show what great power the medicines have in purifying my system, and to show how had I was diseased; beside all the bile that passed my howels, and the great quantities of phlegm and matter I expectorated, I broke out all over in large boils, diat would contime to gather and run for about six weeks, and I had at one time over twenty-five boils. I have not hing of

BURGLARY IN BRIDGETON. One of the most extensive robberies that has occurred in this city for a number of years past, was committed on Tuesday night last .--The Watch and Jewelry Store of Mr. F. M. Lewis, opposite Davis & Son's Hotel, was entered and robbed of Gold, Silver and Plated Ware, to the amount of twelve or fifteen hundred dollars. The articles consisted principally of gold chains, armlets, rings, pins. about two hundred dollars worth of silver plated ware, &c. No clocks or large articles were stolen. The burglars entered from the back of the building, which is between the Drug Store of Robeson & Whitaker. A more retired and advantageous location to commit such a deed could not readily be found in this city. There are no dwellings near, and the not arouse any one. The first thing to be accomplished was the prying open of the high gate back of the building which was done by the boring of a hole through the shutters, which did not come near the bolts. They then with a powerful instrment flattened on the end like a chisel, pried open the shutters and a small hook. A pane of glass was then broken, and the window hoisted by reaching inside to the spring. Mr. Lewis left the Store on Tuesday night before ten o'clock, which was earlier than usual. The robbery was discovered by Mr. L. the next morning about that some of the festivals are now is progress, while others are near at hand. STEWARDS' MEETING.

The District Stewards of the Methodist Episcopal Church, for the Bridgeton District, held their annual secting in this city on Wednesday, May 9th, and have printed a report of their proceedings, a notice of which was unavoidably delayed in our issue of last week. This is a body representing each church in the bounds of its territory, who meet to consider and arrange the business working of the churches for the conference year. The Presiding Elder, Rev. Mr. Whitecar, reported to them that the financial ondition of the District had steadly advanced during the past year—that the quarterly meetings had been ccasions of great interest, and that nearly three ousand persons during this period had connected amselves with the churches. The propriety o erecting a parsonage house for the occupancy of the Presiding Elder was fully and favorable discussed and a committee appointed to present the question to the official consideration of the churches. Should they respond favorably a long acknowledged incom venience attending the position will be remedied and it is to be hoped that the result will be accomplished. The recommendations of the annual conference regarding the Centennial celebration of the existence of the Church was dicussed and concurred in by the Stewards, and the following report which explains

itself adopted:

WHEELS, The District Stewards receive with entire unanimity the late action of the New Jersey Conference in relation to celebrating this year the introduction and establishment of Methodism in our country, they would earnestly recommend to the favor of aur membership and congregations the following resolutions:

RESOLVED, 1. That we feel it to be a most religious duty to unite with our church in offering thanksgiving and praise to Almighty God for the unparalleled success of Methodism in "spreading Scriptural Holiness over these lands," in the peat hundred years.

2. That we should bring offerings of our substance as an exhibition of gratitude, and for the support and furtherance of the noble objects recommended by the Centenary Committee; and that special favor should be given to the establishment of an institution of learning in the Southern part of our Conference.

3. That while we favor all improvements of a local character in the individual charges this year, yet we do hope the objects specified by the Conforence Committee will have a full share of the gifts of our people.

Both President and Congress are still hard at work at the business of attempting to circumvent each other in the use of the appointing power. The Senate occupies its old ground of refusing to confirm, and the President his old one of removing from office. The House, in all apointments within the grasp of the legislation, is removing the power of appointment terms upon which the Southern States from the hands that have heretofore held it. The Secretary of the Treasury announces that no men shall be appointed in his appartment who does not sustain the policy of the President, and the more radical of the congressmen talk about trying some of the parties for maifeasance in office. The Bible work effected in One year by that Society and its many branches is of stupendous magnitude; there having been printed in the short period of a twelve month, one million, one hundred and nineteen thousand volumes of revealed through many channels, and have reached our Army and Navy, our hospitals and prisons, the destitute whites and the humble freedmen of the South, our Sunday Schools, Mission stations, and scattered dwellings; while, in foreign lands more than 200,000 volumes have been circulated among 32 tribes and tongues of the human race.

And when side by side with the work of the American Institutions we place that of the hoble British and Foreign Bible Society, as well as other efforts of God's people throughout the earth, we are unprepared to dissent from the bold assertion, recently made, that "more Bibles than were in the hands of man."

THE SPIRIT MAKES THE MAN. By our National Poet, Dr. George Allen Spangler

A youth devoid of spirit bold, None of life's beauties to unfold, Is like a being chained to earth— To friends or self of little worth. Not only to himself a blank, The bane of every one he knew. The boy of downcast look and hue. 'Tis mostly caused in boyhood's hour. Which, in the bud, makes spirit cover, Attempts to sway by domineering— A vain attempt at children's rearing. Or making them go shabby dressed, Spurned by the good you'll find them pressed, While envying other fads well clad, The lost companions of the bad. So, if you would advance your sons, Go rig them out at Henderson's; Their downcast spirits he'll uplift, In Market street, sixth house from Fifth.

E. MATLACK & SON. No. 904 Market Street, Philadelphia, Pa. THE SILVER SKIRT.

Yours, respectfully,

MORE DURARLE, MORE ELASTIC,

MORE GRACEFUL! And will keep its Shape and retain its Place better than any other Skirt.

This new and beautiful style of Skirt (Patented March 7, 1865,) was awarded by the Great American Institute Fair, held in New York, October 1865, a

SILVER MEDAL.

The highest premium ever given for a Hoop Skirt. The Steel Springs are wound with a fine plated wire (in place of a cotton covering) which will not wear off or become soiled, and the whole Skirt may be washed without injury or fear of rusting, and will be as good as new.

The Combination Silver Skirt. This invention combines with the ordinary cotton Skirt the advantages of our SILVER SKIRT; the bottom hoops are the same as those used in the Silver Skirt, the covering of which cannot wear off, while the upper ones are covered with cotton. No lady having once worn one of our Skirts will be will any other, as the lower hoops of all other kinds are soon injured and soiled. The best materials are used in their con struction, and, from their durability and neat-

THE LATEST FASHIONS. From the best authority on Fashions in the U. States.

Since the beginning of Spring, we have received numberless letters from subscribers, particularly from those residing at a distance from the metropolis, as to whether the reign of crinoline may be considered permanent for this SZASON, and, if so, what is the most approved style and shape for hoops. The most appears, for the most expensive and tasteful dress, in spite of the utmost efforts of the most skilfull dress-makers, will be wanting in elegance and style if wore over an ill shapen or unfashionable hoop. In view of this, we have given the subject of crinoline our special attention; and after comparing, and fully entering into the respective merits of each and all of the claimants to public favor, we have concluded that BRADLEY'S NEW "EMPRESS TRAIL" DUPLEX ELIPTIC SKIRT, (of which we give an illustration,) is the style, of all others, best adapted to the present fashions of the ladies, and also the most gracefell, stylish and letters, in another of BRADLEY'S most pobular styles, called the "Pride of the Roberts" most pobular styles, called the "Pride of the Roberts" keeps which has all the merits of the former in regard to flexibility, durability, comfort, and economy, etc., differing from it only in shape.—Frank Leslie's Lady's Magazinz, Mar, 1866. from the best authority on Fashions in the U. States.

P. S.—Messrs. Wests, Bradler & Carr are sole owners and exclusive manufacturers of the above justly celebrated "Duplex Skirts," and we are informed by them that the demand for the "Duplex Elliptic Skirt" thus far this year has been more than double that of any previous year since they introduced this remarkable invention to the public, and the demand is largely increasing daily from every section of the U.S. as well as other countries. je 1, 3m.

BRIDGETON FOUNDRY

We would call the attention of the public to oures tablishment, and our various manufactures. We are building a SORGHUM CRUSHER AND CANE MILL. Which for simplicity, effective power, strength of material and workmanship, cannot be strepassed, and we are offering them at prices that we know to be less than a machine of the same strength and capacity can be bought for elsewhere. We are building three sizes. For a more extended description send for circular. Evaporators furnished to order. We are also manufacturing Circular Saw Mills, for sawing either large or small logs, to which we would invite the attention of mill owners and lumbermen.—

They are built under the supervision of one who has had many years' experience in building and running mills, and lumbering generally, and he fatters himself that he knows what millers want. We also furnish to order

Irons for the Gate Saw Mill! Millirons, gearing, shafting, pulleys, hangers, &c.— We continue to make iron lence, verandahs, balco-nies, which for taste, durability and economy cannot be surpassed. Iron hitching posts at low rates.— Screws for elder and other presses of any dimensions made to order. Patterns made when desired. CORN SHELLERS AND LARD PRESSES always on hand. Plow castings of the various pat terns used in this section.

JOBBING AND REPAIRING promptly attended to. Persons in want of cane crush era should not fail to order arry as we intend to fill orders in the order in which they are received. Agents for EVAN & WATSON'S FIRE PROOF
