HOOFLAND'S GERMAN BITTERS. HOOFLAND'S GERMAN TONIC. PREPARED BY DR. C. M. JACKSON, PHILADELPHIA, PA.

INTRODUCED INTO AMERICA

FROM GERMANY, in 1835.

The greatest known remedies for Liver Complaint, DYSPEPSIA, Nervous Debility,

ERUPTIONS of the SKIN, and all Diseases arising from a Dis-ordered Liver, Stomach, or IMPURITY OF THE BLOOD. Read the following symptoms, and if you find that your system is affected by any of them you may rest assured that disease has commenced its attack on the most important organs of your body, and unless soon checked by the use of powerful remeiues, a miserable life, soon terminating in death, will be the result.

Constipation, Flatulence, Inward Piles, Fulness of Blood to the Head, Acidity of the Stomach, Nausea, Heartburn Disgust for Food, Fulness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried or Difficult Breathing, Fluttering at the Heart, Choking or Suffocating Sensations when in a Lying Posture, Dimness of Vision, Dots or Webs before the Sight, Dull Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, etc., Sudden Flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil, and Great Depression of Spirits.

All twee indicate disease of the Liver or Digestive Organs, combined with impure blood. fooland's German Bitters is entirely vegetable, and contains no liquor. It is a compound of Fluid Extracts. The Roots, Herbs, and Barks from which these extracts are made are gathered in Germany. All the medicinal virtues are extracted from them by a scientific chemist. These extracts are then forwarded to this country to be used expressly for the manufacture of these Bitters. There is no alcoholic substance of any kind used in compounding the Bitters, hence it is the only Bitters that can be used in cases where alcoholic stimulants are not advisable.

tioofland's German Conic is a combination of all the ingredients of the Bitters, with rown Santa Cruz Rum, Orange, etc. R is used for the same diserses as the Bitters, in cases where some pure alcoholic stimulus is required. For will bear in mind that these remodies are entirely different from any others advertised for the cure of the diseases mamed, these being scientific preparations of medicinal extracts, while the others are mere desocious of rum in some form. The TONIC is decidedly one of the most pleasant and agreeable remodies ever affered to the public. Its laste is exquisile. It is a pleasure to take it, while its life-givining realizating, and medicinal qualities have caused it to be known as the greatest of all tonics.

CONSUMPTION. Thousands of cases, when the pa-tient supposed he was afflicted with this terrible disease, have been cured by the use of these remedies. Extreme emaciation, debility, and cough are the usual attendants upon severe the usual attendants upon severe cases of dyspepsia or discase of the digestive organs. Even in cases of genuine Consumption, these remedies will be found of the greatest benefit, strengthening and invigorating

DEBILITY. There is no medicine equal to Hoofand's German Bilters or Imic in cases of Debility. They impart a tone and vigor to the whole system, strengthen the appetite, cause an enjoyment of the food, enable the stomach to digest it, purify the blood, give a good, sound, healthy complexion, eradicate the yillow lings from the eye, impart a blown to the checks, and change the potient from a short-breathed, emaciated, weak and nervous invalid, to a full-faced, stout, and vigor

PHILAPELPHII, DIARCH 1911, 1001.

I find "Hoofland's German Bitters" is not an intoxicating beverage, but is a good tonic, useful in disorders of the digestive organs, and of great benefit in cases of debility and want of nervous action in the system.

GEO. W. WOODWARD. FROM HON. JAMES THOMPSON, Judge of the Supreme Court of Pennsylvania.

PHILADELPHIA, APRIL 28th, 1866. I consider "Hoofland's German Bitt consider "Hoonand's German Rit-ters" a valuable medicine in case of at-tacks of Indigestion or Dyspepsia. I can certify this from my experience of it. Yours, with respect, JAMES THOMPSON.

Jackson-Dear Sin:—I have been frequently requested to connect my name with recommendations of different kinds of medicines, but reparding the practice as out of my appropriate sphere, I have in all cuses declined; but with a clear proof in ravious instances, and particularly in my own family, of the usefulness of Dr. Hoofland's German Billers, I depart for once from my usual course, to express my full conviction that for general debility of the system, and especially for Liver Complaint, it is a safe and valuable preparation. In some cases it may full; but usually, I doubt not, it will be very beneficial to those who suffer from the above causes.

The Republican Convention, at their meeting last week, in Trenton, nominated I. Blair. Mr. Blair is a native of Warren county, in our State, about sixty-five or seventy years of age, known as a patron of the educational enterprises in his religous iron works and Railroads, both in our own and the Western States. He is said to be a man of pure personal character, and to possess a good share of executive ability. This course of action on the part of Mr. Walsh, while it surprised and possibly chagrined his friends, yet gave them a still higher appreciation of the man, and so far as we could see, Mr. Walsh was the most popular person present at the convention .-He was called for amidst the loudest demonstrations of applause, and made a speech which excited the strongest enthusiasm. He is an effective, as well as graceful speaker, and infuses into a correct diction and strong sense, the emotional warmth of the religious denomination to which he belongs. This fact has aided largely in giving him the strong influence which he possesses among the members of that communion, as well as among his associates in political circles. and was displayed with most happy effect in the address which he made in response of the time was attended by large numbers of to the call. Mr. Walsh has never been known to "go back" on his word; and such a pledge, made under these circumstances, was equivalent to saying that he would use livery. all his influence among his friends to assist in Mr. Blair's election. Many of those friends are among that class who are not violent partisans, and whose votes generally decide the battle between the contending hosts in political warfare, and therefore, as we said, this pledge was felt in the convention as an important fact in greeted in a style which evinced their appreciation of the nobieness of the man, His speech rose to a range above the and showed its immense superiority in

Many who cannot afford this expensive luxury, and desire to be considered among those who can, take the pains to close their dwellings, and instruct their servants to say to all callers that "the family are not at home, they have gone to the country." Sometimes the servants make grand blunders, and say to the callers that inflatress told them to say that she was not in nfistress told them to say that she was not in. Such would-be aristocracy is sooner or later found out, and reaches its own proper level. Those who cannot afford to spend the summer months in the country, or do not find it convenient so to do, are more respected by not mistaken if it does not in the future attempting to ape their more fortunate neighbors. The country at this season of the year is most exhilerating when one can seek some shady nook and free himself from the cares of life. The present season has been all that the farmers could desire for the production and ripening of the various crops. Hay is more abundant than for many years past. Large quantities are stacked in the fields as the present barn room is not sufficient to contain the enormous yield. Good timothy and clover hay is selling at eight dollars per ton in the field, or ten dollars delivered in the barn anywhere within a reasonable distance. There has perhaps never been as much hay cut in this part of the State in a single season. The wheat and rye crops are turning out exceedingly well, and the price keeps up higher than t will probably be in a short time. The oat crop promises a good yield, and potatoes look well. The early crop was somewhat shortnarket. The cherry crop is comparatively abundant as usual. The peach crop of New Jersey. Maryland, and Delaware will be very light. The Southern States one by one are accepting the demand of Congress that they should ratify the fourteenth amendment to the Constitution, which makes representation in Congress dependent upon the number of voters which any State may have. REPUBLICAN STATE CONVENTION.

TIENTON, July 9 .- The city is already full numbers having come in last night. Therepresentation from West Jersey is especially strong. Cumberland and Salem have sent many of their best men, all friendly to the nomination of Mr. Walsh, while in the other counties of the District the feeling is scarcely ess unanimous. The delegation from Bergen and other counties also declared in his favor. Mr Walsh, however, having communicated to some of his friends his determination not to

statement:

He said it was no doubt the chief desire of all present to secure the success of the Republican party and to adopt that course which would most largely contribute to the welfare of the State. Differences of opinion as to candidates no doubt existed, but no mere preferences for individuals, as he believed, would control the section of any delegate. He was himself, in favor of Mr. Walsh, believing him to be the strongest man, and he should be glad to vote for him in the Convention. But he was debarred that privilege by Mr. Walsh's own act. That gentleman had never sought his nomination; the suggestion of his name as a candidate came unsolicited, nearly a year ago, from another part of the State. He had been told by becoming a candidate he could harmonize existing distractions in the party, and for this reason he had permitted the use of his name.—But he had slways insisted that there should be no contest for the nomination; that it must he made with the unanimity and the cordial assent of the whole party that, in viow of all the circumstances, it would be unwise to use any effort whatever to prejudice the Convention. There was never greater reason for unity and harmony in the Republican party in New Jersey than at this moment, and as contest might tend to provent a cordial union and concentration of effort, he could not permit his name to be further considered. In taking this course, he from the many Republicans who had voluntarily tendered him their support, but great as was his appreciation of their partiality, he felt that the highest good of the party was alone to be considered. His name, therefore, would not be before to-morrow's convention. He had desired this statement to be delegated might be avoided, and the action of the claumation, and the party then go to work with a will claumation, and the party then go to work with a will Convention be harmonious from the outset; in order that, in a word, a nomination might be made by heclamation, and the party then go to work with a will to elect the nominee. Whoever may be the candidate, Mr. Walsh will be found among his most active supporters at all times and every where.

During Mr. Foster's remarks, the meeting frequently expressed its appreciation of Mr. Walsh's course by hearty applause. Attorney-General Robeson then spoke a some length, bearing testimony to Mr. Walsh's magnanimity, which, he said, had characterized all his actions in connection with this matter. He has acted in a spirit of candor and self-sacrificing devotion to the interests of the party, which no man had matched. Gen.

Robeson closed by proposing three cheers for Mr. Walsh, which were given with energy and After some further remarks from other gendemen the Conference terminated, all in the best possible humor.

The Convention met at Taylor hall to day at present line affords ample accommodations noon. Attendance large. Col. A. D. Hope. of Somerset County, was made temporary Chairman, and R. C. Belleville, of Mercer, Secretary. Committees on Permanent Organ-Resolutions and Rules were then chosen, Caleb S. Titsworth, Dr. S H. Pennington, and Rowland Johnson representing Essex county on said committees.

The State Committee, through its Chairman. Frederick Kingman, Esq., presented a resignation, which was accepted. A resolution was adopted to have a new committee of thirteen members appointed-two from each district and three at large. The Convention then ad journed until 2 o'clock.

The afternoon session was opened with the election of permanent officers, Hon John C. Ten Eyck being President, with one Vice-President and Secretary from each county-Col. E. L. Joy representing Essex as Vice-President, and Leopold Graf as Secretary.— Mr. Ten Eyck, upon taking the chair, made a patriotic speech which was highly applauded. Glassboro. le discussed the issues of the hour and spoke of the man of few words and great deeds-Gen. Grant-and said that with such candidates as Grant and Colfax, and a pupular candidate for Governor, there could be no such word as fail.

The Committee on Resolutions then presented the following which were received with

inee and request his acceptance.

The following additional resolution was offered after the nomination had been made, by Mr. Davidson, of Union, and was unanimously adopted :

Blair having been manimously nominated for Governor of this State, we hereby tender to him our united and hearty support and call upon all true and loyal Jerseymen to did in placing in power the choice of the convention The Convention then went into nomination for Electors at large with the following result: Charles K. ness life. The tomb stone marks the resting place of Mark Lloyd, so well known as a popular stageman, and his partner in business. Wm. Parvin, is among our most worthy retired citizens. Captain Clark and Frank Langley took their nage and stages from the courie when the iron horse came snorting through the forests of South Jersey. We would not convey the idea that we are without stages in this part of the State. New lines have been established and old ones revivel. There are stages running from Bridgeton to Shiloh, Roadstown, Greenwich, Fairton, Cedarville, Newport, Dividing Creek, Millville, and other places in this section, most of which are doing a good business. The distances are shert to the neighboring towns and villages, and the travel is principally to and from the cars. Perhaps the best and most profitable line of stages in this county, is that between the cities of Bridgeton and Millville, owned by Mr. Orlando Gibbon. The distance is ten miles over an excellent gravel turnpike. The fare is so low, and the drivers so accommodating that there is no use in any one thinking of running an opposition. It is often the case that after a series of years in business persons become less obliging than formerly, but in the case of Mr. Gibbon, and his worthy associate, Joseph," it is otherwise; the longer they are n the business, the more popular they become, and those who complain that the Bridgeton & Millville line mosopolizes the road, should remember that just such monoplies are a great benefit to the travelling public, and we shall be sorry at any time to see an opposition started on the Bridgeton and Millville road. The the fare is as low as any one can afford to put it, and more competent and worthy drivers cannot be found anywhere. If only one or two more passengers wish to go than can be accommodated by the regular line, an "extra" is put on, at the expense of the proprietor, and none left behind to wait until a more convenient season. While our stagemen are all worthy and obliging, we think none can excell

SUNDAY SCHOOL EXCURSION.

On Wednesday of this week, the two Saboath schools connected with the Methodist Episcopal church, in our city, made an excursion to the splendid excursion ground of the West Jersey Railroad, at Union, near Dollar. The excursion passed off in the pleasantest

manner, and afforded the fullest enjoyment to the children in whose behoof it was gotten up. The large timber shaded the ground from the rays of the sun, and the absence of underbrush gave as free a circulation of air as the heated term rendered it possible to receive, and the good things which had been provided for the occasion, were eaten with a relish which would have been impossible in the hot hot weather, they have only to pack up a basket full and go with some pleasant company into the woods, on on excursion with the children of a Sabbath School. The Railroad manner to make these excursions contribute to the comfort of the people who may participate in them, and the care of their conducors and engineers, in reference to the youthful passengers, is worthy of all commendation

Resolved, That the people of New Jersey owe it to themselves to drive from power in this state the so-called Democratic party. who, by removing the solution of the fourteenth article of the Constitution, by which only the Union could be safely reconstructed, and by their wasteful expenditure of the public funds of the State during the last session of the Legislature, have proved false to the interests committed to their charge, and utterly unworthy of the public confidence.

Resolved, That the people in the States lately in revolt sgainst the Government, on the rapid restoration of these States to their former position of equality of representation and rights in the Union, on the basis of justice, equality, and the entrusting the powers and administration of the Government only to the hands of loyal and puriotic citizens, and that the thanks of the people are due to our Senators and Representatives in Congress assembled, who have nfluence. At the last session of the New Jersey Conference, although scarcely able to stand he made one of the most effective speeches of his life in opposition to the principle of lay delegation. He was unable to attend the session of the general conference, to which the conference had chosen him, and steadily declined in health, until on last Monday morning week he died in the highest enjoyment of a christian experience. An eloquent funeral sermon was preached by Rev. Dr. Bartine, of

Captain McIntyre and the directors had everything arranged in the most complete style, and she sat upon the water with a queenly beauty that involuntarily inspired a just pride in the vessel which bears our city's name. The party proceeded in the merriest manner to Salem, where a dinner was partaken, to which the guests with appetites sharpened both by good humor and the fresh air from the water, did The East Lake Band enlivened the occasion

We learn from a friend, who lives in West Bridgeton, that the improvements in the neighborhood of the Court House have greatly improved that part of the city. Since the Broad street hill has been cut down, and the sidewalks graded, the appearance of the street is much improved. The Sheriff has a comfortable residence, and the prisoners who happen to come under his supervision fare as well as they could in any other similar institution.

A bill to reduce the military to a peace establishment was also reported. The sections retaining the General and Lieutenant General. and an amendment providing for only three major generals were agreed to, and pending discussion on the section providing for eight brigadiers the House adjourned.

This illustrates the character of the leaders, the devotion of women, the bravery of men, the pluck of our heroes, the romance and hardships of the service. From the beginning of the war, the author has been engaged in collecting all the aneodotes connected with or illustrative of it, and classified them under appropriate heads, and in a very attractive form.

The volume is profusely illustrated with over 100 fine engravings by the first artists, and its contents include reminiscenses of carap, picket, spy, scout. bivouac, siege, and battle-field, with thrilling feats of bravery, wit, arollery, comical and ludicrous adventures, etc., etc.

Amusement as well as instruction may be found in every page, as graphic detail, brilliant wit, and authentic history, are skiilfully interwoven in this work of literary art.

It is just such a volume as will find numerous purchasers, and just such a one as person-seeking to act as book agents should add to their list.

Indigestion, Sick Headache, Sourness or Acidity of Stomach, Rising of Food Flatulency, Lassitude, Weariness, Biliousness, Liver
Complaint, finally terminating in Death,

Is urged upon the atlention and trial of sufferers from this most horrible of all diseases. Dyspepsia shows its ravages in a thousand different forms, in fact, all disorders of the Stomach and Bowels, with all their complaints, such as Sick Headache, Hearthann Description. barn, Depression, general sense of uneasiness and feeling that you are not well. Food distresses you, rises and sours on your stomach, breath is bad; skin at times flushed and hot; don't feel as if you could move or stir about, and worst of all, India tion or Costipation, are nothing more or less than Dyspepsia. Thousands and thousands suffer and die this way, and neither themselves or physicians know what ails them except that they are surely dring. dying.

Reader, we repeat it, this is all Dyspepsia. If you would have proof of our statement, if you would save yourselves and children from an early grave, if you would have health and energy and strength, again we beg you try one bottle of

COE'S DYSPEPSIA CURE. You will see how soon it will dispel your bad feelings and gloomy forebo ting. How soon it will chase away any species of Dyspepsia. How soon it will give you new life and vigor, and how soon it will make a well man or woman of you. For your own sake, for the sake of everybody suffering, we beg, we entreat you to try it.

For Liver Complaint and Bilious Derangements, It is a sovereign remedy, while for Fever and Ague, and all those diseases which are generated in miasmatic climate, it is a certain preventive and cure.

That its wonderful medicinal virtues may not stand alone upon our statement, we append a tew unsolicited testimonials from those whose position in society and reputation as citizens will place their evidence beyond all question, and carry with them strength and conviction to the most incredulous.

Both myself and wife have used Coe's Dyspepsia Cure, and it has proved perfectly satisfactory as a remedy. I have no hesitation in saying that we have received great benefit from its use.

Messas. Strong & Armstrong,
Gentlemen—It gives me great pleasure to state
that my wife has derived great benefit from the use
of Coe's Dyspepsia Cure. She has been for a number of years greatly troubled with Dyspepsia, accompanied with violent paroxysms of constitution
which so prostrated her that she was all the while,
for months, unable to do anything. She took, at
your instance, Coe's Dyspepsia Cure, and has derived
great benefit from it, and is now comparatively well.
She regards this medicine as a great blessing.

Truly yours,

L. F. WARD.

Sin:—I take great pleasure in stating that, after having suffered from dyspepsia for about fifteen years, at some periods much more than others, I nave been entirely cured by the use of Coo's Dyspepsia. Cure. My friends know that of late years my case has been an extreme one. I had great suffering from eating any kind of food, and on an average would vomit about one third of my meals, in a sour indigestible mass. When the severe attacks would come, I would lose all strength and be utterly helpless. Some of the attacks would be so severe that for, days together I would not retain anything on my stomach, save a little dry toast and tea. For years I knew not what it was to pass five consecutive hours without intense pain. From the time I took the first dose of this medicine I ceased vomiting; gradually all soreness passed away, and flesh and strength returned, and ever since I have been able to eat any kind of food set upon the table. Six months have now passed without any symptoms of the return of the disease. My case was considered by all, even physicians so marvelous, that for a time it was feared it might be fictitious; but I am now so well convinced, that I have been not merely reheved but permanently cured, that I can conscientiously recommend Coe's Dyspepsia Cure to all victims of dyspepsia. Save Time! Save Money! Save Labor

By using Tomlinson & Coe's (Lincoln England) Celebrated Butter Powder. By the use of this inexpensive Powder, churning of hours is reduced to minutes, and is applicable to the making of Butter at all seasons of the year. A small quantity added to the milk or cream at the time of churning will produce Butter in much less time, in larger quantity, and of a superior quality, flavor and consistency. It removes the unpleasant flavor caused by the cows feeding on turnips, garlic, weeds, &c.; and prevents all ranciglity peculiar to butter; also makes it firmer and sweeter even in the hottest weather.

This Powder, how being introduced into this country, has long been in use throughout Europe and the COE'S DYSPEPSIA CURE.

To William Ellis, Philadelphia:
Respected Friend:—I have used Ellis' Fertilizer, Ammoniated Phosphate, on several crops this season and upon all with satisfaction. I consider my use of it as establishing in my own mind its superiority.

ON CORN.—I found its effect on this crop better than good compost, and nearly as good as manure and compost together side by side. On the ground where the Fertilizer was used there was no manure. ON POTATOES.—I found it better than any other Fertil zer used, not excepting barnyard manure. I had larger and finer potatoes, and more of them.

ON GRASS.—For top-dressing grass I used No. 1 Peruvian Guano and Ellis' Fertilizer side by side, at the rate of 300 ibs. each to the aere, and I think that the grass was quite as good, if not better, where Nainsook, Swiss, Victoria, Jaconet, Cambric and India Twills-plain, plaid and striped. Agency for the sale of Singers Improved **FAMILY SEWING MACHINES!** SEWING MACHINE FINDINGS.—Silk, Cotton Thread, Needles, Oil, Springs, Screws, &c., and for he supply of any make of Sewing Machines to those who desire to purchase, rentor exchange.

Machine Poetry. I sing "The Singer," the best in the land,
The pride of all households—useful and grand,
"Tis the friend of the poor man, and saught by the
Rich, Because it relieves them of many a stitch. I sing of "The Singer," in beauty and grace It bears off the palm, and holds the first place;

It is simple in movement, unerring though swift, And what is essential, it is easy to lift. It does hemming and braiding, will cord, tuck and Hind. In fact it does all things, to suit every mind, You can work in the finest of fabrics with case, And then on materials as course as you please, If the proof of the pudding, in eating consists,

Then give me a trial, examine my lists, I ask but the trial, I know the result, You'll never again, other agent consult. There are other machines, very good it is true, That advertise freely, saying what they will do, We do not dispute they will do what they say, But we hold that THE SINGER is better than they. The following is a partial list of persons in Bridge-ton, and vicinity, who have recently perchased Sing-ers Sewing Machine from this Agency:
